

At the forefront of impact investing

Blended Finance

Blended finance is the strategic use of development finance and philanthropic funds to risk adjust the capital structure and thus mobilize private capital flows, resulting in positive results for both investors and communities.

Innpact is a leading impact finance specialist providing advisory and third-party fund management services. Our team has unrivalled expertise in designing and structuring impact funds and blended finance vehicles. We work with fund managers, sponsors and investors around the world on impact investing projects totalling more than USD 6 billion targeting the Sustainable Development Goals.

6 key lessons from structuring blended finance funds

1

Identify and engage as **early** as possible with your **anchor junior** investor

2

Involve **private investors gradually** after ramp up but also in the fund design

3

Keep capital and governance structures simple

4

Define Theory of Change, impact targets and reporting framework

5

Design incentive schemes focussed both on financial and impact objectives

6

Build on existing solutions
